SOME BEAN

Three of Them Large Enough For a Good-Sized Meal For Any Family.

Of course you won't believe it, because you never saw it and don't believe anyone else saw such a whopper.

But this is no bean lie and goes to show what can be done by us Hicksons in Maysville when we get a good start.

Last night there was shown the writer the only real bean he ever saw, one of those splendid variety that would make a whole regiment of Uncle Sam's soldiers green with envy.

This monster bean when uncolled measured 2 feet 8 inches, and the Hickson that had it said that in breaking it off the vine he left an inch there.

Now let the "oldest inhabitant" come forward with one of his '46 bean stories, as this one is of the '17 variety and places the cultivator in a position to be drafted into the army to be Chief Bean Producer for Uncle Sam's soldier boys.

There are several other beans on the same vine that will be sold to the dry goods stores to be used for yard measurements when they get ripe.

26 MORE EXAMINED

BY MASON COUNTY DRAFT BOARD YESTERDAY—FOUR REJECTED AND FIFTEEN OF REMAINING TWENTY-TWO CLAIM EXEMPTION.

Board Warns All To Be Careful About Signing Affidavits—Patriotic Duty of Every American To Report Those Making False Claims.

Registration Figures to Date
Examined—126.
Rejected—38.
Accepted (claimed exemption)—67.
Accepted (claimed no exemption)—21.
Not reporting—11.

Of the thirty men who were supposed to report for examination before the County Exemption Board yesterday four did not report, one of them being William Sherman Griffith, who committed suicide near Aberdeen Sunday night. From the twenty-six examined four were rejected and fifteen of the remaining twenty-two claimed exemption.

The Board wishes to emphasize the fact that all persons should be very careful about affixing their names to affidavits as there is a severe penalty attached to making false claims.

It is the patriotic duty of all Americans to report any case that they know of where a man seeks exemption on some false claim. The Board will treat all information strictly confidential.

Word was received by the Board yesterday afternoon from Provost Marshal General Crowder new rulings on physical examinations and especially on the teeth of registered men. Quite a few men who have been rejected on account of bad teeth will be recalled for another examination at once.

The Board has announced that after the first 240 men are examined no more examinations will be made until all the exemption claims are disposed of. Then if it is found that more men are needed another list of names will be posted and cards will be sent to the men notifying them on what day to appear for examination.

Following is the result of yesterday's examination:

ENTIRE NEW ARMY

To Be in Camps in a Few Weeks—First Thirty Percent of Each District's Quota Will Leave on September 5.

Washington, August 13—The entire 687,000 men composing the first increment of the army draft forces will be under training early in October. Under orders issued today the first 30 per cent of the quota of each district will begin entrainment for thirty per cent September 30. The remaining 70 per cent will be mobilized as soon after that date as possible.

The plan to assemble the new forces in three increments distributes the task of furnishing supplies and equipment through September. It will also prevent serious shortage in any camp and will give the new officers from the training camps time to familiarize themselves with their duties gradually before responsibility for a great body of men falls on them.

The order issued today means that about 12,000 men will reach each of the sixteen contingents soon after September 5. They will first be examined physically by army doctors and finally accepted or rejected. This will take some time and the men will have to be furnished with temporary quarters and rationed while awaiting examination. If the full quota were assembled at one time, great confusion would result.

Presumably the first increment will have been organized into skeleton companies, battalions or regiments before the second arrives.

The newcomers can be quickly absorbed by a going concern in that case, and the third lot can be taken into the war machinery with even less disturbance when it reports fifteen days later.

In farming communities local boards now will arrange the lists of those to fill the first increment with local crop conditions in mind. Harvesting is in progress in many sections. Drafted men engaged in that work and who otherwise would go with the first third of the district quota will be passed over the second or third as may be necessary.

That conscientious objectors to war are not to be excused entirely from serving the country has made clear in a ruling by the provost marshal, holding that such persons should be sent to the mobilization camps along with others drafted, to be assigned later to non-combatant branches of the service. It is presumed they will serve in the quartermaster's corps, the medical corps or other units not employed in actual combat.

SALAZER, FORMER CHIEF OF STAFF TO FRANCISCO VILLA, IS KILLED IN FIGHT WITH HOME GUARDS

Juarez, Mexico, August 13—Jose Ynzen Salazar, a revolutionary leader and former chief of staff to Francisco Villa, was shot and killed at the Nogales ranch, a short distance from Ascension Thursday. Americans arriving here today from Casas Grandes said Salazar had been killed by a small band of home guards who were organized to protect the Casas Grandes-Ascension district.

The story told by the Americans was that three of Salazar's men were mistaken for raiders by guards at the Nogales ranch and killed and that when the leader went to see why his men were detained a like fate befell him. His body was recovered and will be brought here for burial.

RESIGNATION OF PASTOR

Of First Baptist Church Accepted With Reluctance—Resolutions Adopted By Committee Express Regret at Departure of Rev. N. F. Jones.

Whereas, our pastor, Dr. N. F. Jones having resigned the pastorate of our church to accept the position of "Key Budget Man" of the Kentucky State Board of Missions for the third district of the General Association of Baptists of Kentucky, and,

Whereas, we appreciate the honor conferred upon our church by the State Board in the selection of our pastor to fill this responsible position, therefore,

We it resolved, we reluctantly accept his resignation and regret the severing of our relations as pastor and people and that we hereby express our appreciation of this faithful and untiring efforts to advance and promulgate the great cause of Christ, which he so earnestly represented during his brief ministry among us.

Be it further resolved, that, we deeply feel his loss as our undershepherd and that our prayers and best wishes go with him and his estimable family in their new field of labor and that he may be used of God in planting the banner of Christ in every nook and corner of his new field;

Be it further resolved, that a copy of these resolutions be spread upon our church records, a copy given to Dr. Jones, and that they be published in our local papers and in the "Western Recorder." (Signed)

C. N. BOLINGER,
B. H. GREENLEE,
W. T. BERRY,
JAMES H. HALL, Committee.

Unanimously adopted by the First Baptist Church of Maysville, Kentucky, in business session assembled, August 12, 1917.

THE FARMERS' DUTY

In this time of war there is special duty laid upon every American citizen. Some have to bear arms and risk their lives and safety on dangerous seas and on the battle fronts in Europe. Others must care for those of them who are wounded and in performing that duty risk their lives almost equally with those who do the actual fighting. There are so many brave Americans performing such duties for their country that those of us who remain at home in safety and security must needs feel the obligation on us to do our part.

The farmers of America have an important duty, a vital national economic function imposed upon them. They must provide food for our armies, food for our families at home and food for our allies abroad. The great and vital importance of this service has been recognized and the farmers of the country are directed to be given and will receive special considerations in the matter of exemption from military service.

The service that the farmers of America are to perform is in the highest degree patriotic, but it is to be profitable, too. Never before has the American farmer had such a market for his products or such tremendous purchasers as he has now in the Governments of the United States and our allies. And the funds with which these products are to be purchased are practically all raised by the sale of Liberty Loan Bonds.

The President's patriotic call to the people of America and July 11th will find a ready response from the farmers of our country.

No true patriot will permit himself to take toll of our soldiers' heroism in money, or seek to grow rich by the shedding of their blood. He will give as freely and with as unflinching sacrifice as they. They are giving their lives. Will he not at least give his money?

But buying a Liberty Loan Bond is not making a gift. It is the safest of investments, and considering also its rate of interest and nontaxable feature it is a remunerative investment of the first order. Some pronounce it the premier security of the world.

The farmers of America are given an easy way to serve their country, show their patriotism, and greatly benefit themselves. Money is needed to feed, equip, arm, and clothe our soldiers at the front. And money is needed, too, to buy the products of America's farms for our army and navy and the armies and navies of our allies. A great proportion of this money has been raised and is to be raised by the sale of Liberty Loan Bonds. The farmer is supporting the Liberty Loan serves his country, his people, and himself, all he serves, too, the cause of liberty, the cause of humanity and civilization.

A great war invention by Thomas A. Edison is frequently hinted at if not directly promised. Edison himself says nothing, but no doubt he has done much thinking in recent months and in the case of such a man there ought to be big results.

Everybody is backing Food Controller Hoover except a stubborn, time-serving element in Congress.

DIZZY SPELLS

Relieved After Taking Two Bottles Of Cardui, Says Tennessee Lady.

Whitwell, Tenn.—Mrs. G. P. Cartwright, of this place, writes: "About four years ago the dizzy spells got so bad that when I would start to walk I would just pretty near fall. I wasn't past doing my work, but was very much run-down."

I told my husband I thought Cardui would help me, as a lady who lived next door to me had taken a great deal, and told me to try it. This was when we were living in Kentucky.

My husband got me a bottle and I took it according to directions. It helped me so much that he went back and got me another bottle. I got a whole lot better and just quit taking it. I got over the dizzy spells...I took no other medicine at that time nor since for this trouble. No, I've never regretted taking Cardui.

I felt just fine when I finished the second bottle.

Purely vegetable, mild and gentle in its action, Cardui, the woman's tonic, may be the very medicine you need. If you suffer from symptoms of female troubles, give Cardui a trial. All druggists.

DEMY CARDINALS QUIT

New York, August 10.—A cable message from Paris received by the official French bureau of information in this city and made public tonight indicates that Monsignor Frederico Tedeschini, who has been under secretary of state at the Vatican, has succeeded Cardinal Gasparri as Pope Benedict's prime minister. Previous dispatches from Rome credited "many Italian newspapers and some authorities on Vatican affairs" as affirming that Cardinal Gasparri had resigned, partly because of ill health and partly because of the pope's desire to institute a new policy in relation to Germany.

BARBARITY DISPLAYED BY GERMAN IN HANDLING RUSSIAN WAR PRISONERS

Petrograd, August 12.—The Central Committee, which is dealing with the affairs of war prisoners, issued a statement today in protest against the refined barbarity which Germany is displaying toward Russian prisoners.

The statement says that Germany is not fulfilling her promises regarding the internment in neutral countries of sick prisoners; that she is illegally retaining military prisoners unfit for service; and that she is placing restrictions on the men communicating with their homes and intercepting letters asking assistance from the Red Cross.

It also says that the rations of the prisoners have been reduced to unheard-of proportions, and that they include adulterated products injurious to the men. In addition, prisoners are compelled to undertake superhuman labor.

It is asserted in the statement that Germany abstains from replying to proposals for the exchange of civilian prisoners and hostages for the alleviation of the lot of war prisoners on the basis of reciprocity, or for the exchange of tuberculosis prisoners or the sending of Sisters of Charity to nurse them.

HOME-READING COURSE FOR CITIZEN-SOLDIERS

(Issued by the War Department and all rights to reprint reserved.)

This course of thirty daily lessons is offered to the men selected for service in the National Army, as a practical help in getting started in the right way. It is informal in tone and does not attempt to give binding rules and directions. These are contained in the various manuals and regulations of the United States Army, to which this course is merely introductory.

LESSON NO. 2

MAKING GOOD AS A SOLDIER

(Preceding Lesson: 1. Your Post of Honor.)

The National Army, in which you are to take your place, truly expresses the American character and ideals. It is a great democratic army. It includes men of all degrees of wealth and education, chosen through fair and open selection by lot. All are brought together on terms of equality. There has been and there will be in this great National Army no favoritism and no "pull." The poor man will drill side by side with the man who has been raised in luxury. Each will learn from the other. The place each man makes for himself will be determined by his own work and ability.

Developing Soldierly Qualities

The question as to whether it is better to join the colors now or with a later contingent is not worth arguing, since the decision has been made for each man by lot. An ambitious man, however, will be glad to join now. It gives him a better chance for promotion. The commissioned officers of the first contingent are picked men who have voluntarily gone through the hardest kind of training. The officers of later contingents will be drawn largely from the men listed in the first contingents. There is plenty of opportunity here for every man to use his brains and his energy and to earn promotion according to his worth. This does not mean easy or quick advancement. It means only that you will have your fair chance—and you would ask for nothing more.

—to develop yourself and to climb upward step by step.

In order to make good in the National Army you must, first of all, fit yourself to carry with credit the simple title of "American Citizen-Soldier"—one of the proudest titles in the world. This means that you must develop in yourself the qualities of a soldier. The more quickly and thoroughly you cultivate them, the greater will be your satisfaction and success.

There is very little real difference of opinion as to soldierly qualities. They have been determined by ages of experience. Weapons change, but the soldiers who handle the weapons remain much the same.

Three Basic Qualities

There are three basic qualities, without which no man can be a real soldier even though he may temporarily wear a uniform. They are: Loyalty, Obedience, Physical Fitness.

A man without these qualities is in the way and is a source of weakness to an army, both in the camp and on the field of battle. The Articles of War of the United States set forth the military crimes which are punishable by heavy penalties. Among these crimes are desertion, cowardice, insubordination, drunkenness while on duty, sleeping while on duty as a sentinel, disclosing the watchword, and giving aid or comfort to the enemy. Run over this list and you will see that every one of these

military crimes can result only from the absence of one or more of the three basic qualities of a soldier.

Loyalty

A soldier's loyalty governs, first of all, his feelings and actions toward his country, his government and his flag. There can be no such thing as half-way loyalty. The slightest compromise opens the door to treason.

But a soldier's loyalty does not stop here. It governs also his feelings and actions toward the army and toward all the officers under whom he serves. It absolutely forbids disobedience among both officers and enlisted men, or disrespect toward those in authority.

Going a step further, loyalty governs also the soldier's feelings and actions toward his own regiment, his own company and his own squad. Without this form of loyalty there can be no real comradeship; without it you will never feel that personal pride and satisfaction in the service which should mean so much in your army life.

Obedience

The second of the soldier's basic qualities is obedience, based on discipline. Without obedience and discipline an army can not long continue to exist; it will quickly degenerate into an armed mob. As the Infantry Drill Regulations put it, discipline is "the distinguishing mark of trained troops."

Frequently the recruit, with his in-born dislike of being bossed, makes the mistake during his first few weeks in the army of resenting the fact that immediate and unquestioning obedience is required of him. He quickly learns, however, that obedience enforced throughout the army is in all situations the chief safeguard of the rights, the comfort and the safety of every man, from the raw recruit to the commanding general. It is a guarantee that the small number of unruly or cowardly men to be found in every group shall be kept in check and forced to comply with rules made for the benefit of all.

Military discipline is always impersonal. Obedience is required not merely of you, but of every man in the army. It is required of officers by their superiors with fully as much strictness as it is required of you. It will become your duty, whenever you are given authority over other men, to demand from them the same full measure of obedience that others will require of you.

Discipline is not only essential in developing the army, but also in developing your own character as a soldier. "The soldier who is by nature brave, will by discipline become braver."

Physical Fitness

The third basic quality, physical fitness, is so essential that a large part of the time devoted to your training will be spent in building it up. Physical fitness includes not only muscular development but good health and endurance as well. It is a quality which every man who passes the physical examinations can develop in himself by reasonable care and by obedience to instructions. This is a subject more fully discussed in a later lesson.

DON'T WAIT

Take Advantage of a Maysville Citizen's Experience.

When the back begins to ache. Don't wait until backache becomes chronic.

"Till kidney troubles develop; Profit by a Maysville woman's experience. Mrs. R. W. Lauderback, W. Second St., Maysville, says: "Two years ago I was suffering with kidney trouble and had been for a long time. I was nervous and dizzy and had severe headaches. My kidneys were too frequent in action and annoyed me greatly. I had a dull ache across the small of my back and my back was so lame at times that I could hardly bend one way or the other. Some one advised me to use Doan's Kidney Pills and I got a box at Wood & Son's Drug Store. They helped me at once and continued use entirely cured me of the trouble."

Mrs. Lauderback is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that cured Mrs. Lauderback—too recently backed by home testimony. 60c all stores. PERU IS EXPECTED TO BREAK WITH GERMANY

Washington, August 13.—Failure of the German foreign office to placate Peru has forced that country into a position where some officials of the State Department believe it can do nothing less than break relations with the Imperial government.

Manuel de Freyre Santaandrea, the Peruvian Charge d'Affairs, was today informed by his government that Peru would not accept the new German proposal to submit the case of the Peruvian bark Lortou to a prize court. Unofficial advisers yesterday said the Peruvian Senate had endorsed President Wilson's stand in the war and a break in relations now is expected by many officials to follow shortly.

Of a staff of 2,000, 752 clerks of the British railway clearing house have enlisted and 342 have attested under the Derby scheme. In the post office 75,000 of a possible 85,000 have enlisted or attested.

SPLENDID ADDRESS

Made To the Men's Class of the Christian Church By Mr. Carl Dodds, Secretary-Manager of the Maysville Chamber of Commerce, Sunday Morning.

Mr. Carl Dodds, secretary-manager of the Maysville Chamber of Commerce made a most excellent address to the Men's Bible Class of the Christian Church on last Sunday morning, taking as his subject the regular Sunday School lesson, "Josiah's Good Reign," the text being Second Chronicles, 34:1-16. Golden text—"Remember now thy Creator in the days of thy youth."

Place—Jerusalem.

Time—639-608 B. C.

Character—Meneseech, the grandfather and repentant old king. Amos, the father, imitated the father's sins but not his repentant spirit; came to disreputable and dishonorable end; two years' reign. Josiah, the son, and lesson character, came on the throne at the age of 8; at the age of 16 we find him divinely enlisted in the service of Christ; at 20 he began a crusade against idle worship.

The initial work was begun at home, as it should be.

All the horses, sun-chariots and like images to the Sun God were destroyed. He did not stop the crusade in Jerusalem, but extended it beyond his dominion. He also directed part of his effort to the re-building of the Temple while his crusading was in progress, in order that the idol worshippers might have the opportunity to worship the true God.

He detailed the Levites through the country to collect money for this purpose. In the 18th year of his reign the work of repairing began, under the supervision of the State Secretary Mayor and Court Historian.

I intend to vary a little from the main thought in the lesson in that it is a direct appeal to the younger folks to give themselves to Christ in their youth, also it could be used as an appeal to the mothers to help train the children toward the path of youthful consecration. I am likely to be criticized for this expression in that some would say that the father should be an equal factor in the training of the children; this I grant, yet we must confess that even the best of fathers expect the child's spiritual welfare to be nurtured by the dutiful mother.

I want to reach the point in this lesson from a different angle and if possible, sit up in you men's breasts the desire to give to your Master your untiring service. Untiring service to your family, your city, your organizations for good, your state and your country. Pretty big thing you say he is expecting of me, yet you won't find it such if you follow elementary principles.

Human life is full of complexities, yet by following the fundamental laws of God, we live the happy, useful and beautiful life. A like policy would I urge you to adopt.

To get the most out of the Christian life it is essential that we must turn our lives over into Christ's hands, in other words we must consecrate our lives, our all to native service for Him and His Kingdom.

The same fundamental principle applies, whether it be the fathering of a home or the helping so to do, the church, the civic organization, the city, the state or our country. But you say how can we consecrate our all to His service and still have an all to consecrate to these other factors? That consecrated all is the fundamental element that I referred to and Christ expects you to help make the world just a little better for your having been here, as he does for you to be a Christian in name. After all it's the Christian service that is the factor in all good.

I don't think it necessary to elaborate on your duties as a Christian to

your home and we will grant that your pastor has schooled you as to the duties as a Christian toward your church. So naturally being in the business of city building I feel you will expect to hear an application along the line of your duty as a Christian toward civic betterment.

I believe its every citizen's duty to stand for nothing but the best that money or effort can buy in making his city the best that can be had. It is your duty as Christian men to interest yourself more in the betterment activities of your community than it is the follow of the other type. Upon entering the Christian life you must necessarily give yourself over to Christ, consecrate your life to Him and His Kingdom; in doing so you cannot receive the fullest Christian experience if you hide it under a bushel basket. You must shake the old shell off and step out into the new world Christ has planned for you.

There's plenty for you Christian men to do right here in Maysville. Your city is unlike other cities in a general way, your city is no worse than lots of other cities, but like we have been taught in our early life we are going to be held accountable, not because we were just as good as the other fellow, but for what we have done wrong or failed to do right. In as far as you are able to prevent evil conditions or to help good enterprises and you fall to avail yourself of the opportunity, that I feel, will be the scales in which your Master will weigh your life. Lou have the saloonless town. What are you doing to make this fellow better? Remember your work has only commenced. Don't fold your arms and feel you have done your share.

These young and elderly men need your Christian arms thrown around them and your mind to guide them in the right path and your effort for a Y. M. C. A. to help reclaim some of this lost vitality.

Your ladies need the Y. W. C. A. in order that Maysville women shall not be surpassed by any in Physical Development.

Your young boys and girls need the boys and girls scout councils in order that they may broaden in real boys and real girls.

600 PRISONERS

And 1 Machine Gun Are Taken By Russians—Tentative Attack In the Valley of the River Stalka Completely Repulsed.

Petrograd, August 12.—(British Admiralty per Wireless Press)—In repulsing a Teuton attack in the valley of the river Stalka, western Moldavia, the Russians yesterday captured more than 600 prisoners and four machine guns, according to the official statement issued today.

In the fighting around Fokshani, the Russians and Rumanians captured 500 Austrians but were compelled to retire slightly.

Infantry fighting on the western front, and especially in Flanders, has not been marked during the last 24 hours. In Southern Moldavia, the Teuton drive against the Russians and Rumanians progresses.

In Flanders, the Anglo-French and German troops apparently are resting in preparation for further infantry activity. The Germans can hardly permit the British to hold the important salient east of Ypres and between Ploeghem and Hellebeke without first making additional efforts to straighten out their front. By widening the Salient, Field Marshal Haig adds to the insecurity of the German line from Dixmude north to the coast as well as the front southward toward Lens.

French troops again have repulsed German efforts along the Aisne front. Sunday night and on Monday, the Germans tried to recapture the ground lost to the French south of Ailles. The French threw back all the attacks. East of the positions the French took the offensive and succeeded in making a small advance. Elsewhere on the French front, the artillery fighting continues violent.

The Russians and Rumanians, having been forced to give up the Fokshani-Marascehti line and retire to the Sereth river, Field Marshal Von Mackensen has been enabled to capture Pantulu, a railway town west of Marascehti.

By taking the town, the Teutons probably have cut the railway line north imperiling the Russians and Rumanians fighting in western Moldavia around Onca as the railroad north from Marascehti was one of their two means of obtaining supplies and reinforcement.

German airplanes which raided the southeast coast of England Sunday apparently had London as their objective but the prompt defense by British airplanes and anti-aircraft guns compelled them to abandon that plan. In the pursuit, two of the raiders were brought down by British airmen. Berlin admits the loss of one machine and Amsterdam reports that a German airplane was forced to land in Dutch territory Sunday evidently while returning from England.

Five Americans and fourteen others were killed when the British steamer City of Athens struck a mine last Friday near Captown, South Africa. Four of the Americans lost were missionaries.

MR. CHARLES D. PEARCE RECovers FROM SERIOUS ILLNESS

The current issue of the Kentucky Elk contains the following item of interest to Maysville readers:

It will be pleasant news to his many friends and brother Elks throughout Kentucky to learn that Bro. Charles D. Pearce, Past Exalted Ruler of Maysville, Ky., Lodge No. 704 and ex-President of the Kentucky Elks' Association, has fully recovered from a serious illness of last month that, at one time, was feared would result in appendicitis. Bro. Pearce, who is filling a high executive position with the Mercants Ice & Cold Storage Co., of Louisville, is one of the most popular Elks in the State and as chairman of the Executive Committee of the Kentucky Elks' State Association is doing some active "boosting" to attract a banner attendance at the Hopkinsville meeting this month. Bro. Pearce's handsome reception tendered his visiting brothers at his palatial Maysville home on the occasion of the State meeting in that city some years ago will always be one of the happy memories of that occasion.

Mrs. Gordon Wood and son, Gordon Douglas, and sister, Miss Dorothy Douglas, are visiting relatives and friends at Cincinnati.
